EDUCATION

2022 — PRESENT
Bangladesh University of Engineering & Technology (BUET)
B.Sc. in Computer Science & Engineering

2022
Notre Dame College, Dhaka
Higher Secondary Certificate

2020
Dhaka Residential Model College
Secondary School Certificate

TECHNICAL SKILLS

Programming
Python, C, C++, Java, JavaScript, TypeScript

Web & Mobile
React, Next.js, Node.js, Express, React Native, Firebase, Tailwind CSS

Data & AI
PostgreSQL, AI/ML model training, LLM APIs

Hardware
ESP32, ATmega32, Embedded C, sensors, parametric CAD

Security
Capture The Flag (CTF) competitions

Rafsan Jani Bin Islam

Founder & CEO, Gunjon · CSE Undergraduate, BUET

> Computer Science & Engineering undergraduate at BUET and founder of Gunjon, a live anonymous voice-messaging app used by people worldwide. I build software and hardware — from web and mobile products to IoT devices — teach mathematics and Python, and currently serve as General Secretary of both IEEE Computer Society SBC BUET and BUET Cyber Security Club. Global Second Prize winner at the ISETS–ESCAP Youth Voice Competition 2025.

PROFESSIONAL EXPERIENCE

Founder & CEO LIVE
PRESENT

Gunjon — gunjon.me · Google Play

- Founded and lead an anonymous voice and text messaging app, live on the web and Android and used worldwide.
- Shape the product — voice effects, personal profile links, and shareable story cards — and the team that builds it.

Freelance Web Developer PAID
NOV 2026

Client project · BUETians in IEB Election 2026

- Built a bilingual (English/Bangla) campaign site covering 155 BUETian candidates across 61 posts, with paid featured spots and a poster generator.

Mathematics Teacher
2023 — PRESENT

Udvash Academic & Admission Care · Online & offline

- Teach mathematics to admission and academic students, adapting explanations to different learning styles.

Python Instructor
2026 — SEP 2026

Skillup to PRO

- Taught Python fundamentals to school students through recurring online sessions, an accessible beginner curriculum, and recorded materials.
- Built knowpy (knowpy.web.app), a student portal with an in-browser Python compiler, coding projects, notes and recordings.

ACHIEVEMENTS

2 **Global Second Prize — 2nd ISETS-ESCAP & 3rd ISETS Global Competition of Youth Voice on Energy Transition, 2025**
Organised by United Nations ESCAP · Team Veni Vidi Vici · Project: EcoChar (hyacinth-to-hydrochar clean energy) · Finals at UN ESCAP, Bangkok

1 **National 1st, Idea Presentation — Techtron 2025**
Organised by IEEE University of Asia Pacific Student Branch · Project: Compost-IT

2 **2nd in Khulna Region & Globally Selected — NASA Space Apps Challenge 2024**
Organised by NASA · Project: Agrologer (IoT soil sensing + ML predictions)

TOP 15 **Robo Soccer, 2025**
Top 15 in three separate robo soccer competitions.

CTF **Capture The Flag Competitions**
Compete regularly in cybersecurity CTFs, usually finishing in the top 20–30.

CREATIVE & PROFESSIONAL

Graphic design, motion graphics, video, photo & sound editing, photography, content writing, blogging, presentations, team leadership, event coordination

LANGUAGES

Bangla	Native
English	Professional

AT A GLANCE

Founder
Gunjon — live app, used worldwide

Leadership
General Secretary of two BUET clubs

Recognition
Global 2nd · National 1st · NASA Space Apps regional 2nd

Teaching
Mathematics since 2023, Python for school students

INTERESTS

Physics, chess, photography, travel, community building

PORTFOLIO

Projects, hardware builds and travel photography — full stories and screenshots.

LEADERSHIP

General Secretary — 2026 — PRESENT
IEEE Computer Society Student Branch Chapter, BUET

Oversee chapter operations, executive coordination and cross-functional teams across design, events and logistics; drive workshops, hackathons and outreach.

General Secretary — 2026 — PRESENT
BUET Cyber Security Club

Lead executive administration, partnerships and planning for seminars, CTF competitions and skill-development initiatives.

Founding President — 2021 — PRESENT
Physicist Bees

Founded and lead a community for people who share a passion for physics, encouraging curiosity and learning together.

Graphics & Design Committee Coordinator — 2024 — 2026
IEEE Computer Society SBC BUET · Executive Member since 2023

Led the chapter's visual identity and branding — event graphics, campaigns and outreach material.

Coordinator, Graphics & Design — 2025 — 2026
BUET Cyber Security Club

Directed event branding, promotional design and the club's digital content.

Secretary of Publications — 2022 — 2023
Notre Dame Information Technology Club

Managed communication channels, newsletters, promotional material and social media content.

Vice-President, Indoor Activities — 2022 — 2023
Notre Dame Chess Club

Organised tournaments, friendly matches, workshops and strategy sessions.

SELECTED PROJECTS

Gunjon Live product
Anonymous voice & text messaging with voice effects, profile links and shareable story cards.
REACT · FIREBASE · ANDROID

knowpy Live · Teaching
Python learning portal with an in-browser compiler, game-styled projects, notes and recordings.
REACT · PYODIDE · FIREBASE

Agrologer NASA Space Apps 2024
ESP32 field device with soil moisture, pH and climate sensors, ML risk predictions from NASA data, and a mobile app.
ESP32 · REACT NATIVE · NODE.JS · PYTHON ML

AgamiOps Team project
AI-assisted business planning: business models, financial forecasts and an execution checklist.
REACT · NODE.JS · POSTGRESQL · OPENROUTER

Zachai · যাচাই Live · Education
Bengali admission guide for HSC science students: eligibility, exam dates, competition and target scores.
JAVASCRIPT · GOOGLE APPS SCRIPT

EcoChar Global 2nd, ISETS 2025
Hydrothermal carbonisation of invasive water hyacinth into hydrochar fuel, with AI across the supply chain. Role: CTO.
HTC REACTOR · SUSTAINABILITY

Sparsho Hardware
Low-cost refreshable Braille display: cam-driven cells, AVR firmware and an Android companion.
ATMEGA32 · EMBEDDED C · KOTLIN · CAD

CivicMoncho Civic tech
Bilingual civic platform for project voting, events, polls and a public-service map.
REACT · TYPESCRIPT · EXPRESS · POSTGRESQL
